— Safe Line
All critical elements must be kept inside the blue box.

— Trim Line
This is where the product will be cut. We do not recommend having borders due to shifting during the cutting process. This can make borders look uneven.

Bleed Zone
Make sure to extend background images all the way to the edge.

Size with Bleed: 120.125” x 96.125”
Final Size: 120” x 96”
