

— **Safe Line**

All critical elements must be kept inside the blue box.

— **Trim Line**

This is where the product will be cut. We do not recommend having borders due to shifting during the cutting process. This can make borders look uneven.

**Bleed Zone**

Make sure to extend background images all the way to the edge.

**Size with Bleed: 2.125" x 8.125"**

**Final Size: 2" x 8"**

**2" X 8" BOOKMARK**

**america's**
