

### — Safe Line

All critical elements must be kept inside the blue box.

### — Trim Line

This is where the product will be cut. We do not recommend having borders due to shifting during the cutting process. This can make borders look uneven.

### Bleed Zone

Make sure to extend background images all the way to the edge.

Size with Bleed: 3.625" x 2.125"

Final Size: 3.5" x 2"

PLASTIC BUSINESS CARD  
WITH 1/4" ROUNDED CORNERS
