

— **Safe Line**

All critical elements must be kept inside the blue box.

— **Trim Line**

This is where the product will be cut. We do not recommend having borders due to shifting during the cutting process. This can make borders look uneven.

**Bleed Zone**

Make sure to extend background images all the way to the edge.

Size with Bleed: 10.125" x 4.125"

Final Size: 10" x 4"

**MINI / POCKET MENU**  
FRONT / OUTSIDE
